Schroth Best Practice

advanced courses (Course SBPadv) for those who wish to specialize in the field of scoliosis and other spinal deformities. At least one year of experience with the SBP program prior to admission will be necessary. The advanced trainee will share his experiences with a minimum of 10 case presentations during the advanced course. The case presentations (Power Point) have to be submitted to the course instructor 4 weeks prior to the

2-day refresher courses (Course SBPref). The trainee will share his experiences with a minimum of 3 case presentations during the refresher course. In order to stay listed on this site attendees will have to book such a course two years after the basic, or three years after having completed an advanced course.
